people

In the beginning God created the Earth. Everywhere was **dark**. God said, “Let there be light!” and there was **light**. He named the light “day” and the darkness “night.” He made the sky, and separated the **wet** seas from the **dry** land. Then God made

plants and **trees** grow on the land. Next he put lights in the

sky – the **sun**, **moon** and stars.

God said, “Let the sea be full of **fish** and let **birds** fly in the sky,” and

he filled the land with **animals**.

Last of all he made **people** – a man and a woman. God looked at everything he had made and saw that his creation was very good.

Read the whole Bible story in **Genesis 1-2**.
